“At the AIRMALL®, we’ve always been responsive to the needs of the traveling passenger,” said Carol Fearn, vice president of BAA Maryland. “We’ve offered our travelers and airport employees flu shot clinics for the past few years and are pleased to continue to do so this year, particularly with many people having a hard time finding the H1N1 vaccine. And when it comes to staying connected while on the go, free Wi-Fi certainly represents a big value proposition for the passenger.”

Flu shot clinics will not be held during the week of Thanksgiving. For additional details about the clinic please visit, <http://www.bwiairport.com/en/service/upcoming-events>.
