Established in 1988, Great Lakes Brewing Company was the first microbrewery in the state and today remains Ohio's most celebrated and award-winning brewer of lagers and ales. Owners of the brewery have incorporated European brewing techniques to create their renowned beers and are committed to using only the freshest ingredients.

“We are pleased to continue to provide passengers with local favorites such as Great Lakes Brewing Company and other similar concepts that showcase what our region has to offer,” said Airport Director Ricky Smith. “We look forward to continuing to add to this exciting line-up.”

The City of Cleveland forged a 10-year contract with BAA Cleveland in February 2008 to develop and manage concessions at Cleveland Hopkins International Airport (CLE). The city anticipates the AIRMALL® will double the current participation rate of local and minority-owned companies, double the number of concession jobs, and double retail sales figures during the next decade.

When complete, the AIRMALL® at CLE will occupy 76,000 square feet of retail space.
