The AIRMALL® at PIT remains the gold standard for airport retail concessions across the nation. Founded in 1992, the AIRMALL® introduced the concept of “Regular Mall Prices...Guaranteed,” the original street pricing model. Passengers pay no more for goods and services at the AIRMALL® than they would pay at a comparable local store or restaurant.

Since its inception, the AIRMALL® at PIT has won a host of accolades. Most recently, it took first place among U.S. airports in the food, shops and amenities category in *Condé Nast Traveler’s* 12th Annual Business Travel Awards (published in October 2009). Moreover, the AIRMALL® at PIT continues to post the highest per-passenger spend of any airport in North America.

Nature’s Kitchen Fresh Café at the AIRMALL® at PIT will be open 365 days a year. The landside location (2,752 sq. ft.) is situated adjacent to the main security checkpoint. The two remaining units are expected to open airside in the coming months.
